PROFILE

Passionate and self-driven Full Stack Web Developer with hands-on experience building real-time cloud-based applications. Skilled in both front-end and back-end development using technologies like HTML, CSS, JavaScript, Java Servlets, and Firebase. Successfully delivered solo and team-based projects, including an online mentorship platform and a cloud-based ticketing system. Enthusiastic about solving real-world problems through scalable, user-focused digital solutions. Always eager to learn, adapt, and contribute to innovative tech ecosystems.

EXPERIENCE

Big-si-Bucks Innovation private ltd. **Jun 2025 - Jun 2025**

Full Stack Web Developer Intern

LResults-driven Full Stack Web Developer with a strong foundation in building scalable, cloud-powered web applications. Proven ability to lead and independently deliver real-time projects from concept to deployment, including mentorship platforms and intelligent ticketing systems. Proficient in Java, JavaScript, Firebase, and modern web technologies. Known for combining clean UI/UX with robust backend logic to create impactful digital solutions. Seeking challenging roles where innovation, ownership, and performance are rewarded.

Pinnacle Labs **Jun 2025 - Jul 2025**

Full Stack Web Developer Intern

Independently built and deployed two real-time cloud applications:

• Attendance Management System with secure, role-based access and live tracking.

• Bus Ticketing System featuring 40+ seat selection, fare control, ticket printing, and Firebase sync. Handled complete end-to-end development using HTML, CSS, JavaScript, Java Servlets, and Firebase.

IRJAEM **Mar 2025 - Apr 2025**

Presenter and Writer

- Full Stack Web Developer with experience building real-time, cloud-based applications using HTML, CSS, JavaScript, Java Servlets, and Firebase. Successfully developed solo projects like an online mentorship platform and a bus ticketing system. Passionate about AI in healthcare, with strong presentation and writing skills to communicate complex ideas clearly.
