NAVEEN RAJ K

FULL STACK DEVELOPER

Chennai, Tamil Nadu | 7904145281 | knaveenraj725@gmail.com | GitHub: naveen4-code

PROFESSIONAL SUMMARY

Artificial Intelligence & Machine Learning undergraduate with hands-on experience in front-end and full-stack web development. Skilled in HTML, CSS, JavaScript, React.js, Node.js, Flask, MySQL, Firebase, and Git/GitHub, with practical experience building responsive interfaces, integrating APIs and databases, debugging applications, and deploying web projects. Strong interest in creating clean, user-friendly web experiences and collaborating with development teams.

TECHNICAL SKILLS

Front End	HTML5, CSS3, JavaScript, React.js, Responsive Web Design, UI Development
Back End	Node.js, Express.js, Flask, REST APIs
Database	MySQL, MongoDB, Firebase Realtime Database
Tools & Cloud	Git, GitHub, Postman, AWS Cloud, VS Code
Programming	Java, Python, C

EXPERIENCE

Sky Hostings Pvt Ltd | Backend Developer Intern | Hybrid | Jun 2026 – Jul 2026

- Developed and maintained backend services and REST APIs, with focus on reliable data processing, API integration, and application performance.
- Worked with databases, Git/GitHub, Postman, and server-side deployment workflows while collaborating with frontend development.

Big-Si-Bucks Innovation Pvt Ltd | Full Stack Developer Intern | Hybrid | Dec 2025 – Jan 2026

- Built a Hostel Management System covering room allocation, student records, and fee tracking.
- Developed responsive frontend interfaces, integrated backend/database services, and implemented role-based access to improve usability and system organization.
- Served as team lead, coordinating frontend, backend, database integration, modules, and project milestones.

Unified Mentor Pvt. Ltd. | Full Stack Developer Intern | Online | Jun 2025 – Jan 2026

- Completed 8+ basic and 3+ advanced full-stack projects with hands-on experience across frontend and backend development.
- Built and deployed web applications with emphasis on functionality, responsiveness, performance, and practical project requirements.

Pinnacle Labs | Cloud Computing Intern | Online | Jun 2025 – Jul 2025

- Built a cloud-based Bus Ticketing System with seat selection, fare calculation, ticket generation, Firebase authentication, and real-time database integration.
- Developed an attendance system with login functionality and CSV data export, along with admin dashboard functionality.

SELECTED PROJECTS

AI Flood Monitoring System | *Python, Flask, Machine Learning, IoT*

- Developed an AI-based monitoring application that analyzes environmental and IoT sensor data to predict flood risk in real time; reported 96% prediction accuracy and provided early-warning support.

Hostel Management System | *HTML/CSS/JavaScript, Backend, Database*

- Developed responsive user interfaces and integrated backend services for room allocation, student records, fee tracking, and role-based access.

AI Healthcare Research Paper | *Published: IRJAEM*

- Co-authored research examining applications of Artificial Intelligence in healthcare, including diagnosis, treatment planning, predictive analytics, telemedicine, and patient care.

EDUCATION

St. Joseph's College of Engineering, Chennai | B.Tech – Artificial Intelligence and Machine Learning | Expected May 2028
CGPA: 8.14

CERTIFICATIONS

- AWS Certified Cloud Practitioner (CLF-C02)
- NPTEL – Python for Data Science (Elite)
- NPTEL – Demystifying Networks (Elite)
